

Do you **Survey?**

ezySurvey.com just made it easier!

From a simple **web survey** with few participants to **Enterprise Feedback Management** Solutions, **ezySurvey** Products & Services can assist your organization in any aspect of your survey project by providing professional turn key solutions.

With **ezySurvey** you can:

- manage quickly and easily any type of survey (written surveys, street surveys, telephone surveys, online surveys, etc), from the creation of the questionnaire to the statistical analysis of the results
- collect responses fast and accurately via printed material, telephone, PDAs, internet, web site and email
- print the real time statistical analysis of the results with the press of a button
- run detailed statistical analyses and marketing analyses based on demographic criteria or a combination of criteria of your choice

Uses of **ezySurvey**:

- Market Research Surveys
- Customer Satisfaction Surveys
- Course Evaluation Surveys
- On line Data Collection (XML)
- Public Opinion Surveys
- Standard Op.Procedures Surveys
- POS Surveys
- Website Visitor Feedback
